

QUETZACOATL

The Feathered Serpent

I FLIGHT

FREE

BASE Move a piece. When moving, you may fly over any piece. You may not capture pieces if you fly. Gain 1 white orb if you fly over any number of white pieces and 1 black orb if you fly over any number of black pieces.

LV 2 You get 1 orb of the matching color from each enemy piece you fly over.

LV 3 You get 1 orb of the matching color from each friendly piece you fly over if the move is not entirely horizontal.

ABILITY LEVEL

II AIR LIFT

3

BASE Teleport the King to an empty space within 3 spaces.

LV 2 The King may teleport within 4 spaces.

LV 3 The King may teleport within 5 spaces.

ABILITY LEVEL

III AIR STRIKE

3

BASE Move a piece that is adjacent to a friendly pawn. The piece picks up the pawn and may fly as it moves. The moved piece must land on an empty space, and the pawn must be dropped on an empty space along the flight path.

LV 2 The passenger may instead capture the first enemy piece flown over.

LV 3 You may also pick up an adjacent friendly knight or bishop.

ABILITY LEVEL

CHIRON

The Wise Centaur

I GALLOP

FREE

BASE Move a piece. If you move a knight, gain 1 white orb. If you capture a piece, gain 2 black orbs.

- LV 2** Increase each reward by 1: moving a knight gains 2 white orbs and capturing gains 3 black orbs.
- LV 3** Increase each reward by 1 again: moving a knight gains 3 white orbs and capturing gains 4 black orbs.

II MOUNT

1

BASE Move a knight. A friendly piece orthogonally adjacent to the knight may move with it. Choose an orthogonally adjacent spot to where the knight lands for the piece to dismount. The rider may not capture; the knight can. There must be space for a rider to come.

- LV 2** You may move up to 2 orthogonally adjacent friendly pieces with the knight and choose each dismount space.
- LV 3** You may move up to 3 orthogonally adjacent friendly pieces with the knight and choose each dismount space.

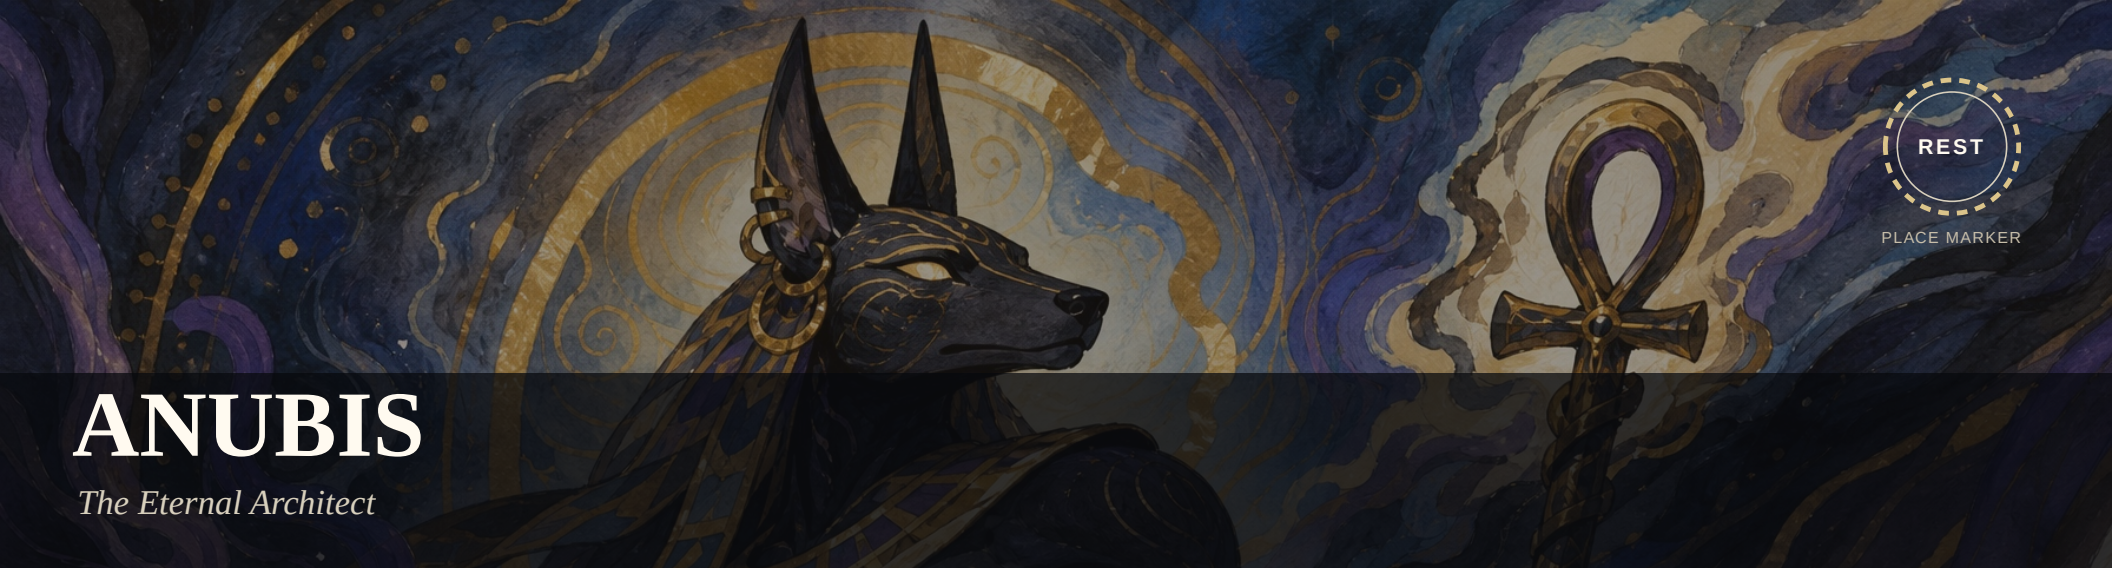

III CHARGE

4

BASE Move a knight like a rook. You get a single move.

- LV 2** You can move any knight like a rook for 2 turns.
- LV 3** You can move any knight like a rook until Chiron's next turn.

ANUBIS

The Eternal Architect

I CONSTRUCTION

FREE

BASE Move a piece. If you move 1 space, gain 1 black orb. You may choose not to move and gain 2 white orbs.

LV 2 Gain 1 extra black orb if you move a pawn.

LV 3 Gain 1 extra black orb if you move a rook.

ABILITY LEVEL

II HARDEN

3

BASE Move a piece. Mark this piece as hardened. Hardened pieces can't be captured and can't move. Remove all hardened tokens after your opponent takes 2 turns.

LV 2 When Harden would be removed, you may choose to remain hardened until Anubis' next turn.

LV 3 You may remove the hardened marker early by moving the piece without capturing.

ABILITY LEVEL

III MONUMENT

4

BASE Sacrifice 3 pawns. Replace one of them with a rook.

LV 2 Reduce the number of pawns required to 2.

LV 3 Reduce the number of pawns required to 1.

ABILITY LEVEL

TELES

The Resonant

I SING

FREE

BASE Move a piece. Gain 1 matching orb for every 2 pieces of that color orthogonally adjacent to the moved piece after moving.

LV 2 Gain 1 matching orb for every adjacent piece, including diagonals.

LV 3 Also gain 1 extra matching orb per 2 orthogonally adjacent pieces of that color.

ABILITY LEVEL

II LURE

2

BASE Choose one of your opponent's pawns, knights, or bishops. Mark it as Lured. A Lured piece must be moved closer to your queen on the next turn if possible.

LV 2 You may also target rooks.

LV 3 You may also target queens.

ABILITY LEVEL

III ENCHANT

4

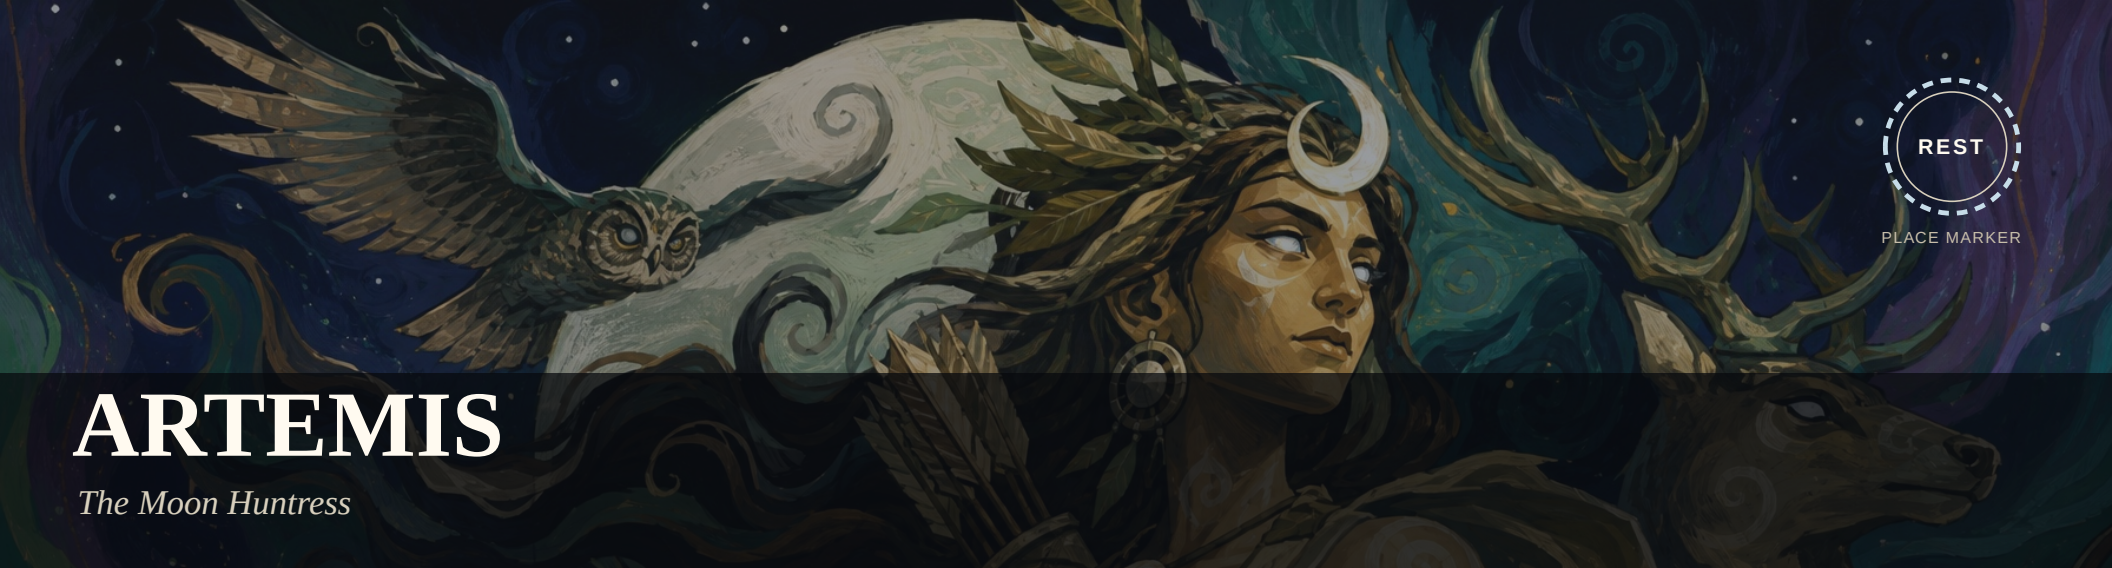

BASE Make your move with one of the opponent's pawns, knights, or bishops, then take a turn.

LV 2 You may also move an opponent's rook.

LV 3 You may also move an opponent's queen.

KANGUS KONG

The Unbound

I RITUAL SACRIFICE

FREE

BASE Move a piece. If that piece gets taken on your opponent's next turn, gain 3 of each orb.

LV 2 You gain the orbs if the piece is taken at any time before Kangus' next turn. **LV 3** Increase the reward to 4 white orbs and 4 black orbs.

II BANANA PEEL

1

BASE Move a piece, then leave a banana peel token in an orthogonally adjacent empty spot. If an opponent moves across the banana, their piece must stop moving. The banana stays out for 1 turn.

LV 2 The banana stays until Kangus' next turn. **LV 3** The banana stays until stepped on by an opponent.

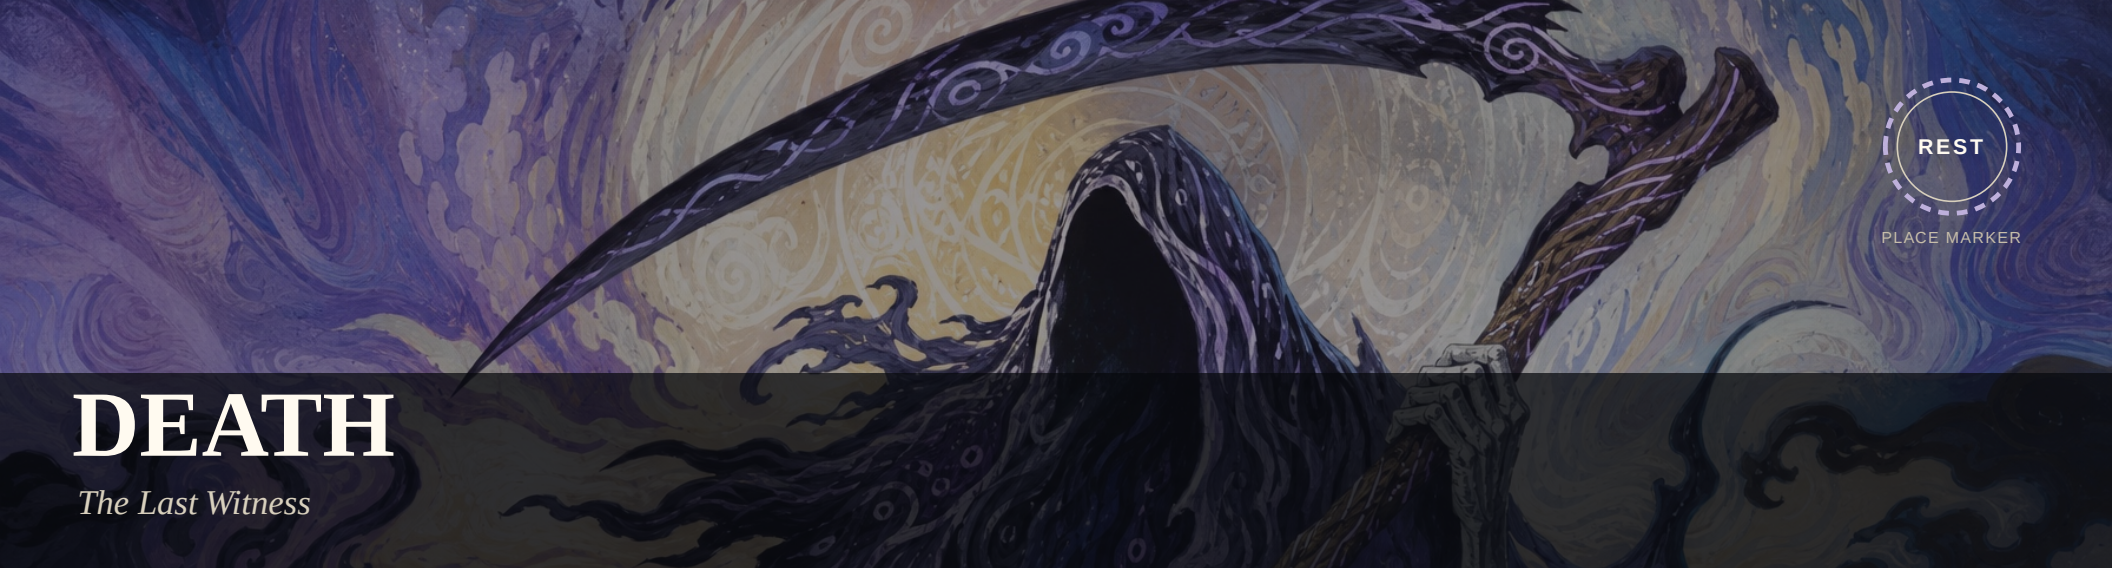

III RAGE

3

BASE Choose a piece and capture all friendly and enemy pieces adjacent to that piece.

LV 2 You may choose not to capture friendly pieces. **LV 3** You may move the chosen piece 1 legal space before capturing adjacent pieces.

DEATH

The Last Witness

I MARKED

FREE

BASE Move a piece. This piece is marked for death and dies at the beginning of Death's next turn. Gain 3 black orbs when it dies. You may choose to do nothing.

LV 2 If you choose to do nothing, gain 1 white orb.

LV 3 You may choose to kill the moved piece at the end of your turn to gain 5 black orbs instead.

II RESURRECT

4

BASE Revive a piece from your graveyard. Place the piece in an empty spot adjacent to one of your Bishops. Requires a Bishop to use.

LV 2 You may spend 6 white orbs total to revive 2 pieces.

LV 3 Revived pieces do not need to spawn in empty spots and may capture a piece where they spawn.

III SIPHON

1

BASE Move a piece. It must end its move adjacent to an enemy piece. Steal up to 2 white orbs from the enemy player.

LV 2 No additional level 2 effect is specified.

LV 3 No additional level 3 effect is specified.

LEONIDAS

The Warrior King

I ROYAL STEP

FREE

BASE Move a piece. If you move the king, gain 1 black orb. If you move backwards, gain 1 white orb.

LV 2 Also gain 1 black orb for moving a pawn.

LV 3 Also gain 1 white orb for moving sideways.

II MARCH HOME

2

BASE Teleport the King back to his starting space, capturing any piece that's there.

LV 2 The King may take 1 adjacent piece with him. It stays in the same relative space and captures any piece there.

LV 3 The King may take any number of adjacent pieces with him.

III ESCORT

1

BASE Move the King 1 space, moving one adjacent friendly piece with him. The friendly piece captures any piece it lands on.

LV 2 The King may move all adjacent friendly pieces with him.

LV 3 The King and his escorts may move 2 spaces in any 1 direction.

MEDUSA

The Veiled Gorgon

I CAPTIVATE

FREE

BASE Move a piece. For each queen that piece is in line of sight with, gain 1 orb of the respective color. The queen is always in line of sight with herself.

LV 2 If the piece moves from out of a queen's line of sight into that queen's line of sight, gain 2 matching orbs from that queen instead.

LV 3 If the piece moves into a queen's line of sight, gain 3 matching orbs from that queen instead.

II SLITHER

1

BASE The queen can move diagonally twice, but can't capture any pieces.

LV 2 The queen can move diagonally three times.

LV 3 The queen can move diagonally any number of times.

III STONE GAZE

3

BASE All pieces within line of sight of your Queen, friendly and enemy, can't move for 2 turns. The Queen can't move while any of them remain frozen.

LV 2 Those pieces can't move for 3 turns.

LV 3 Those pieces can't move until Medusa's next turn.

SALEM

The Ashen Witch

I HEX

FREE

BASE If there's not a currently hexed living piece, choose an enemy piece to mark as hexed. Move a piece. If you move into the row or column of a hexed piece, gain 2 orbs matching the color of the space you landed on.

LV 2 When placing hexes, you can hex 2 pieces at once. Aligning with both gains 3 matching orbs. **LV 3** When placing hexes, you can hex 3 pieces at once. Aligning with all three gains 4 matching orbs.

ABILITY LEVEL

II POISON CLOUD

3

BASE Choose an opponent's piece and mark it as poisoned. That piece may not move more than 3 spaces in a turn until your next turn.

LV 2 Choose a 1×2 or 2×1 area; every opponent's piece in that area is poisoned. **LV 3** Choose a 2×2 area; every opponent's piece in that area is poisoned.

ABILITY LEVEL

III POLYMORPH

3

BASE Choose an opponent's piece. Mark that piece as polymorphed. It moves like a pawn for 2 turns.

LV 2 The polymorph lasts 3 turns. **LV 3** The polymorph lasts until Salem's next turn.

ABILITY LEVEL

MIDAS

The Gilded Magnate

I BARTER

FREE

BASE Move a piece. If it lands adjacent to an enemy piece, you may give the opponent 1 orb of your choice and take 2 orbs of the opposite color.

LV 2 When trading, also gain 1 orb matching the color of the space you landed on. **LV 3** When trading, take 3 orbs of the opposite color from your opponent instead of 2.

II MILITARY FUNDING

1

BASE Move 2 pawns.

LV 2 You may move any number of pawns, paying 1 white orb for each move past the first. **LV 3** If none of the moves this turn capture or promote, you may move the same pawn multiple times, still paying 1 white orb for each move past the first.

III LEVERAGE

4

BASE Move a piece, then choose an adjacent enemy pawn, bishop, or knight. Give that piece's controller the 4 black orbs used to pay for this ability. Mark that piece as hired; you now control it.

LV 2 You may hire a rook for 5 black orbs; give all 5 orbs to its controller. **LV 3** You may hire a queen for 6 black orbs; give all 6 orbs to its controller.

ARES

The Red Spear

I

THREATEN

FREE

- BASE

Move a piece. Gain 1 black orb if that piece is attacking an enemy piece. Gain 1 white orb if that piece is your farthest advanced piece; ties don't count.
- LV 2

Ties count for the white-orb reward. Gain 1 extra white orb if the moved piece is the sole farthest advanced piece.
- LV 3

Gain 1 black orb for each enemy piece being attacked instead of only 1 black orb.

II

PICK A FIGHT

2

- BASE

Teleport a knight or bishop to any empty space where it is being attacked.
- LV 2

You may instead teleport the knight or bishop to an empty space where it attacks 2 enemy pieces.
- LV 3

You may teleport any type of piece to an empty space where it is being attacked.

III

CULL THE WEAK

3

- BASE

Move a piece to a spot where it is attacking multiple pieces. Capture the lowest point value piece that it is attacking.
- LV 2

You may instead capture an attacked knight or bishop, even if it is not the lowest value, but must then move to its space.
- LV 3

You may also capture an attacked rook this way.
